

Non-Member Sign Up Options for YS

Cottage Park Youth Sailing Non-member participation options

There are three mechanisms in place to provide participants with discounted introductory access to the CPYC Youth Sailing program. Participants may select which one of these discounted programs best applies to their family. Usage of a discounted program is limited to one season only and additional seasons of sailing require that a parent be a CPYC member.

1) Grandparent Rule:

Children whose grandparents are current members in good standing of CPYC may sail in the Program for their first year under the grandparents' membership.

2) Pilot Program:

Any non-CPYC member child may participate in the summer youth sailing program administered by the Youth Sailing Committee with the following restrictions and conditions:

- All participant's legal guardians must sign the appropriate waiver of liability
- A participant's immediate family member may not have had membership standing in the 3 years preceding April 30 of the year of the Youth Sailing season.
- An additional participation fee of \$175.00 is charged to each non-member family.
- Applications and participation are subject to approval by the Youth Sailing Committee.

3) Trial Membership:

CPYC offers trial memberships that provide full access to the CPYC for 1 year for \$1,117. The price includes a \$25 application fee and \$125 of "Chits" that could be spent on food and beverage in the Pilothouse. For additional information contact the club Membership Committee at membership@cpyc.org.
